

Krieg & Fischer Ingenieure GmbH is an engineering company operating worldwide with a focus on the design and construction of biogas plants. The company has many years of experience in the field of biogas technology.

As soon as possible, we are looking for a new employee for our Göttingen office

## **Engineer (m/f/d) in process, energy, environmental or civil engineering**

to increase our project handling in biogas plant planning in full or part time.

### **Your tasks:**

- Planning and tendering
- Evaluation of offers, preparation and participation in awarding of contracts Project execution at home and abroad
- Acceptance and commissioning on site Project documentation

### **Your profile of requirements:**

- ✓ Project management experience
- ✓ A degree in the above-mentioned fields or comparable qualifications
- ✓ Experience in (biogas) plant design is an advantage, but not a prerequisite
- ✓ Very good knowledge of German and English
- ✓ Good knowledge of common PC programs
- ✓ Structured way of working
- ✓ Enjoy working in a team
- ✓ Willingness to travel

### **We offer you:**

- ✓ Cooperation in a technically competent, diverse team, which cooperates successfully with a lot of joy and commitment
- ✓ Versatile, creative activities and interesting projects in the field of biogas plants
- ✓ Permanent employment on a full or part-time basis
- ✓ Flat structures with room for maneuver and personal responsibility
- ✓ A modern working environment with flexible working hours
- ✓ Compatibility of private and professional life
- ✓ Internal and external training opportunities
